

# Resources Summary

An initiative supported by Woodside and ESWA

Need assistance navigating through our resources? Here is a list of our current resources, with links:

- Teacher backgrounds, hands-on activities, worksheets, quizzes and STEM booklets can all be found at [www.wasp.edu.au](http://www.wasp.edu.au)

- Free online professional development (at your own pace) is available at [www.waspteacher.edu.au](http://www.waspteacher.edu.au)

- Animations covering key content can be found on [Earth Science Western Australia's YouTube channel](#)

- Videos demonstrating many of the easy to conduct hands-on activities from WASP (and some of ESWA's other programs) can be found at the [Aus EarthEd YouTube channel](#)

- Interactives around water, oil & gas and rocks can be found on the [WASP iPad app](#)
- An augmented reality virtual field experience app can be found [here](#)
- Activity ideas, content and links to great resources can be found on the [AusEarthEd blog](#)
- Free hands-on incursions can be arranged, in Western Australia, by [contacting the WASP team](#)
